Committee of Experts on the Transport of Dangerous Goods and on the Globally Harmonized System of Classification and Labelling of Chemicals

Sub-Committee of Experts on the Transport of Dangerous Goods

Fifty-third session
Geneva, 25 June-4 July 2018
Item 6 (d) of the provisional agenda
Miscellaneous proposals for amendments to the Model Regulations on the Transport of Dangerous Goods: other miscellaneous proposals

Editorial correction to the Model Regulations

Transmitted by the expert from Germany*

Introduction

1. Some inconsistencies were noted in the Model Regulations.

2. At the forty-seventh session, the Sub-Committee agreed to replace the word "and" by "or" in the first paragraph of special provision 310 and of P910 on the basis of document ST/SG/AC.10/C.3/2015/28. This was overlooked when the new LP 905 was introduced. The wording of the current LP905 reads "production runs consisting of not more than 100 cells and batteries". LP 905 should be aligned with P 910.

3. Special provision 323 contains a transitional provision which expired on 31 December 2010. It can be deleted.

Proposals

4. In LP905, first paragraph, replace "cells and batteries" by "cells or batteries (twice).

5. Replace the wording of SP323 by "*Deleted.*".

* In accordance with the programme of work of the Sub-Committee for 2017–2018 approved by the Committee at its eighth session (see ST/SG/AC.10/C.3/100, paragraph 98 and ST/SG/AC.10/44, para. 14).
